

SCIS&ISIS 2026 CALL FOR PAPERS

2025 Joint 14th International Conference on Soft Computing and Intelligent Systems and 27th International Symposium on Advanced Intelligent Systems

November 2-5, 2026

2026 Joint 14th International Conference on Soft Computing and Intelligent Systems and 27th International Symposium on Advanced Intelligent Systems (SCIS&ISIS) is the flagship international conference on Soft Computing in Asia, attracting several hundred participants worldwide. We strive to foster an open and lively scientific forum by bringing together researchers, engineers, and practitioners with diversified backgrounds to discuss and disseminate the latest state-of-the-art achievements, thought-provoking challenges, and potential future direction in many different aspects. Our program is designed to maximize feasibility and satisfaction of participation at all levels in various ways.

PUBLICATION:

We would like to cordially invite you to submit papers to SCIS&ISIS2026. The submissions will be peer-reviewed in terms of fitness/significance, novelty, completeness, consistency, and presentation. We are planning to apply IEEE Technical Sponsorship. If approved, accepted papers will be submitted for inclusion into IEEE Xplore® subject to meeting IEEE Xplore's scope and quality requirements.

TOPICS

SCIS&ISIS2026 covers all the topics related to artificial intelligence, soft computing, and intelligent systems, from theory to real-world applications. See <https://soft-cr.org/scis/2026/> for more details.
