ABOUT KOBE: Kobe is well known as the exotic, cosmopolitan port city. The city is surrounded by a rich set of culture and nature -- Kobe beef, Kobe sweets, classy foreign residences in Kitano-cho, Arima hot spring, and Mt. Rokko. Well-situated in the heart of Kansai, many historically and culturally attractive sites, including those in Kyoto and Osaka, are within its proximity and easily accessible with our efficient transportation. Last but not least, Kobe is safe and cozy -- far from the recent catastrophe if this is your concern.
