Abstract: This is a template of *Extended Abstract* for *Abstract-only* paper at SCIS&ISIS2024 conference. This template is NOT available for Full paper and Short paper, which should be prepared following IEEE conference template.

Keywords: At least three keywords should be presented.

1. Introduction

This is a template of *Extended Abstract* for *Abstract-only* paper at SCIS&ISIS2024 conference. The paper length must be one (1) or two (2) pages. Each Extended Abstract should be carefully prepared following this instruction.

Be noted that this template is NOT available for *Full paper* and *Short paper*, which should be prepared using IEEE conference template.

2. Page size and format

The page size of each manuscript must be A4 with two columns. The paper length must be one (1) or two (2) pages. The page style should be designed as follows:

Table 1 Page style

Left margin	20mm
Right margin	20mm
Top margin	25mm
Bottom margin	25mm
Column width	80mm
Column space	6mm

Only a PDF file will be accepted for the review process. All fonts should be embedded in the PDF file. Page number should NOT be used.

3. Title and Author Details

The paper title, all author details, abstract and keywords must be presented in single-column format and must be centered.

3.1. Paper Title

The paper title should be in bold 12pt font.

3.2. Author Details

The authors' name and affiliation should be in 11pt and 10pt fonts, respectively.

3.3. Abstract and Keywords

The abstract and keywords should be in 10pt font.

4. Paper Body

The body of Extended Abstract must be edited in double column format, with each column 80mm width and separated by 5mm. The main text should be in 10pt font with single spacing while the section titles should be in bold 11pt font.

5. Figures, Tables, and Equations

Each Extended Abstract can include figures, tables and equations, if needed.

5.1. Figures and Tables

A sample of figure is presented as follows:

Fig. 1 A sample of figure.

Figure captions should be below the figures.

A sample of table is given as follows:

Table 2 A sample of table.

	column 1	column 2	column 3
row 1	100	110	120
row 2	200	210	220
row 3	300	310	320

5.2. Equations

A sample of equation is written as follows:

$$y = ax^2 + bx + c. \quad (1)$$

All equations should be numbered.

5.3. References

References should appear in 10pt fonts.

6. Conclusions

We are waiting for your submission to SCIS&ISIS2024 conference and are looking forward to meeting you at Himeji.

Acknowledgement

Thank you for your cooperation.
